

Name Headphone / Speaker Demonstrator With Built-in Power & Lighting Distribution

Interface

Features Headphone Demonstration Media Player Supports Up To 4 Headphones  
Media Player and distribution amplifier for headphone, sound docks and powered speakers  
Support Customer's Audio Line-in Via Mobile Device Such Smartphone, iPod/iTouch/iPhone/iPad;  
Simple setup using any SD card

Tech Spec

LCD panel: 7 inch IPS 350nits brightness 1024x600 pixels;  
DAC Spec: 24-bit, 96KHz;  
File formats: .avi (1920x1080 @ 30fps, bitrate up to 20Mbit/s, MPEG1/2, MPEG4(xvid), MOV(XVID. H.264), .mp4 (Xvid, H.264), support mp3 in video up to 320kbps; PCM up to 24bit, 96KHz, 4.39Mbit /sec (.mov );  
File storage media: SD/SDHC card,USB 2.0 x1 format: FAT 32;  
Interface: 3.5mm Headphone Output Port x4, 3.5mm Headphone Command Data Input Port x3, DC in 12V x1, USB 2.0 x1, SD card x1, Power On/Off, GPIO 4-pin Molex Port x 7;

Acoustic

>Frequency response: 20 – 20KHz (+/- 0.609dB) , ;  
>Measured Total Harmonic Distortion: 0.07% ;  
>SNR:81.5dB;  
>Measured Output: 227mV / 6.49wW ;  
>Measured Output dB levels(dBu): -10.6dbu@ 1KHz

Description

A07H is the perfect fit in retail environments where high quality music is required to demonstrate audio products such as quality soundbars, headphones and speaker docks. The interface provides a simple way to start music for a demo, and adjust volume. The retail-hardened interface keeps performing without any active maintenance. The A07H accepts 1080P video with embedded audio to showcase premium quality headphones and soundbars at their best. When today's consumers get used to IPS panel of smartphones, A07H comes with 7" high-brightness, high clarity 1024x600 pixels IPS panel to convey the branding message in the most impressive way.  
\*Other interface options include push-buttons,Toslink and Coax output depending on the demonstration scenario desired.

Options: This solution could be customized with in-built power & lighting distribution.
